### Students' Spotlight

#### THE CLOCK

I watch the clock,  
I think of time -  
It steals away  
What's most sublime.  
My hours, my days,  
A part of me -  
It slices me off  
Continuously.  
I watch the clock,  
Time turning around,  
Bending my years  
Towards the ground.  
And with a gentle  
Tick, tick, tock,  
My life keeps melting  
In the breath of the clock.  
~ Mansirat Kaur (VII Red)

#### THE QUIET STRENGTH

In the hush of early dawn,  
Before the day is fully drawn,  
There lies a strength, so calm, so deep,  
A promise that the soul will keep.  
Not in noise or flashing light,  
But in the courage to do right,  
In every fall, in every try,  
In silent dreams that learn to fly.  
The tallest trees were once so small,  
They grew by standing through it all,  
Through wind and storm, through darkest night,  
They reached again toward the light.  
So when you feel you've lost your way,  
And shadows seem too strong to stay,  
Remember this, soft yet true -  
Great strength begins inside you  
~ Pargeet Kaur (VII Red)

#### UNE ATTITUDE POSITIVE

Dans la vie quotidienne, nous avons des problèmes et du stress. Mais une attitude positive peut nous aider.  
D'abord, penser positivement nous rend plus forts. Quand nous avons un problème, nous pouvons chercher une solution au lieu d'abandonner. Ensuite, les personnes positives sont plus heureuses et ont de bons amis. Elles partagent de bonnes idées et une bonne énergie. Enfin, une attitude positive est bonne pour la santé. Elle réduit le stress et nous aide à rester calmes.  
En conclusion, être positif rend la vie meilleure. Essayez chaque jour.  
Merci.
